Dear Numismatist:

This year's theme leaves the field wide open to all clubs and members to participate in National Coin Week. Whether they collect U. S. or Foreign Coins, Ancients, Romans, Biblical, Odd and Curious, Mint Errors, Medals, Paper Money, or others pertaining to our Hobby.

I hope your Club has appointed a Coin Week Chairman and made arrangements for Exhibit Space, also made contact for publicity through your Newspapers, Radio, and Television. Plan coin lectures, and special events. And remember to secure new members for A.N.A. and your local club. All this will mean points in your favor.

Our National Association is growing. So should Coin Week. Again, I urge you to get busy and make 1958 the best Coin Week ever. Coin Week is the ideal time for your club to get publicity, and should increase your membership.

The Awards Committee will award Plaques to the three highest ranking participants in each division, including Junior Clubs. All entries will receive an attractive certificate. Winning Plaques and entries will be on exhibit and presented at the A.N.A. National Convention, August 13-16, 1958, at Los Angeles, California.

To simplify and lighten the task of the judges, may I suggest that you send in your News Items, Photos, and other material in a well arranged Scrap Book or Loose Leaf Folder. These will be returned to you at your request.

Detailed instructions and rules, point system, judging scale, etc., will be found on the reverse side of your entry blank. Watch your March and April issues of the Numismatist for further information. Entry blanks and all other material will be mailed to your club Secretary soon. Contact me if other material or information is needed.

May I wish your club a successful National Coin Week.

Sincerely,

A handwritten signature in cursive script that reads 'Leo G. Terry'.

LEO G. TERRY

General Chairman
